

Sub- Field Testing of Automatic Call Marking Application

RITES Inspection system presently offers the facility to the suppliers and vendors to register the Inspection calls on line through our IBS portal which can be accessed through [http //ritesinsp com/rbs/Vendor/Vendor Login Form.aspx](http://ritesinsp.com/rbs/Vendor/Vendor_Login_Form.aspx)

In the current arrangement, nomination of Inspection Engineer is done on the same working day if calls are received before 15 00 hrs or on the following working day in other cases With a view to speed up the work nomination of Inspection Engineer for calls that are Registered 'On Line' on RITES IBS portal , Northern Region will be shortly launching limited field trials for the system The new system will reduce the time taken for nomination of system Syetm after Trials will be extended to other regions in due course

2 The screen for On line call registration for suppliers will remain identical except provision of one additional field "Department" The supplier will be required to indicate the nature of material being offered i e whether the Item is to be checked by Mechanical, Electrical , Civil , Textile Inspection Engineer or Inspection Engineer specializing in M&P items

3 All suppliers are requested to kindly cooperate and submit 'Online' calls in revised format so as to RITES to provide you services with less processing time
